A 4x4 grid with numbers and green circles. The grid is divided into four 2x2 quadrants. The top-left quadrant contains a green circle at (1,3), a green circle at (2,2), and a green circle at (3,4). The top-right quadrant contains a green circle at (1,3), a green circle at (2,2), a green circle at (2,3), and a green circle at (3,4). The bottom-left quadrant contains a green circle at (1,1), a green circle at (1,2), a green circle at (1,3), a green circle at (2,1), a green circle at (2,2), a green circle at (2,3), a green circle at (3,1), a green circle at (3,2), a green circle at (3,3), a green circle at (3,4), a green circle at (4,1), a green circle at (4,2), a green circle at (4,3), and a green circle at (4,4). The bottom-right quadrant contains a green circle at (1,1), a green circle at (1,2), a green circle at (1,3), a green circle at (2,1), a green circle at (2,2), a green circle at (2,3), a green circle at (3,1), a green circle at (3,2), a green circle at (3,3), a green circle at (3,4), a green circle at (4,1), a green circle at (4,2), a green circle at (4,3), and a green circle at (4,4).

The image shows three 4x4 grids, each containing a different number of green circles. The first grid has 10 circles, the second has 12, and the third has 14. Each grid also contains numbers 1, 2, 3, and 4 in various positions, likely representing a specific pattern or rule.
