Place three limes into each row, column, and 3x3 block.
Numbers indicate the number of adjacent limes surrounding that cell.

Figure 1 shows a 3x3 grid of 3x3 subgrids. Each subgrid is a 3x3 grid of cells. The subgrids are arranged in a 3x3 pattern. The subgrids are labeled with numbers 1 through 9, indicating their position in the 3x3x3 cube. The subgrids contain green circles representing pieces. The subgrids are arranged in a 3x3 pattern, with some cells empty and others containing pieces and numbers.
